## **RE: Application for the Position of Full Stack Web Developer**

Dear Hiring Manager,

I am writing to express my keen interest in the **Full Stack Web Developer** position at AA Kenya, as advertised on your careers portal. With a **Bachelor's degree in Software Development** and over **three years of practical experience** in both web and mobile application development, I am confident in my ability to contribute to your digital innovation initiatives.

In my current role at **Galaxies Coders Limited**, I design and implement full stack solutions using **Laravel**, **Angular.js**, and **Node.js**, while leveraging **AWS**, **Docker**, and **CI/CD** workflows to ensure secure and scalable deployments. My experience extends to **API design and integration**, **automated testing**, and **performance optimization** across both mobile and web platforms.

I am passionate about developing user-centric, reliable, and efficient digital products. I also stay actively updated on emerging technologies in cloud computing, containerization, and mobile usability — ensuring that every solution I build aligns with industry best practices.

AA Kenya's commitment to delivering excellence and innovation strongly resonates with my professional values. I am eager to contribute to your team by bringing a blend of technical expertise, problem-solving skills, and a dedication to creating meaningful user experiences.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experiences can benefit AA Kenya's development goals.

Warm regards,

**Victoria Ndulu Muithya**
